- WLTP data currently being approved. Minimum - maximum mixed WTLP CO2 emissions on the engine The CO2 emissions from the vehicle depend on the version selected as well as the options on the vehicle.
- **Dealer delivery related charges, metallic paint and tyre recycling levy not included.
- ***Includes SEAI grant and VRT rebate

(1) The CO2 emissions entered are mixed and expressed in grams per kilometre. The fuel consumption and CO_2 emission values provided comply with WLTP approval (EU regulation 2017/948). Since 1 September 2018, new vehicles are approved on the basis of the worldwide harmonised light-duty vehicles test procedure (WLTP), which is a new, more realistic test procedure to measure fuel consumption and CO_2 emissions. This WLTP procedure fully replaces the New European Driving Cycle (NEDC), which was the previous test procedure. As the test conditions are more realistic, the fuel consumption and CO_2 emissions measured according to the WLTP procedure are, in many cases, higher than those measured according to the NEDC procedure. The fuel consumption and CO_2 emission values may vary depending on specific equipment, options and types of tyres. Contact your point-of-sale for more information. More information on www.peugeot.ie

STANDARD EQUIPMENT

SAFETY & SECURITY

- ABS (Anti-lock Braking System) with EBD (Electronic Braking Distribution) and EBA (Emergency Braking Assistance)
- Airbags: Adaptive driver and front passenger airbags (includes passenger airbag deactivation function)
- Airbags: Driver and front passenger side airbag
- Airbags: Front & rear curtain airbags
- Alarm – Connected*, Volumetric, Perimetric & Anti-lift sensor (Thatcham approved)
- Automatic door locking when moving off
- Automatic hazard light activation upon heavy brake application
- Child locking functionality on rear doors
- Deadlocking
- Electronic code immobiliser
- ESP (Electronic Stability Programme) with Hill Start Assist
- Gear Shift Indicator (manual version only)
- Headlights left on audible warning
- Isofix child seat fittings (x2) in the second row
- Programmable cruise control and speed limiter
- Lane Keeping Assist
- Speed limit recognition and recommendation
- Driver attention warning
- Tyre pressure monitoring
- Driver Vigilance Camera

STANDARD EQUIPMENT

COMFORT & CONVENIENCE

- Electric power steering with reach and rake adjustable steering column
- Multifunction trip computer
- ‘One-touch’ electric front and rear windows with pinch protection
- PEUGEOT i Cockpit®: compact steering wheel
- PEUGEOT i Cockpit®: 10.0 HD capacitive colour touchscreen
- Push button keyless start
- Tailgate with heated rear windscreen & wiper blade
- Tinted Windows
- 7.4kW On Board Charger (ELECTRIC versions)
- Pre-heating functionality (ELECTRIC versions)
- Tyre Repair & Inflation Kit

INTERIOR FEATURES

- Dashboard, front and rear door panel finish: Carbon effect
- Rear windscreen wiper triggered automatically in reverse gear
- ‘e Toggle’ Drive Selector (ELECTRIC & HYBRID versions)
- ‘Piano’ keys: Gloss black plated toggle switches to access main functions of the vehicle
- Seating: 1/3 – 2/3 folding rear seat
- Seating: driver and front passenger seat manual adjustment (longitudinal and back rest angle)
- Leather steering wheel

EQUIPMENT DETAILS

PEUGEOT i-Connect® Advanced

PEUGEOT i-Connect® Advanced offers a complete technological experience with TomTom® connected navigation. For optimal readability, the card can be displayed on the entire 10-inch HD touchscreen and updated "live" (once a month). It is also fully and easily customizable with widgets, such as a tablet.
«OK PEUGEOT», a natural language speech recognition control, improves the safety and comfort of the user, and gives access to all the features. Finally, to help the user,
PEUGEOT i-Connect® Advanced offers embedded documentation and tutorials.

Pack DRIVE ASSIST PLUS

The Drive Assist Plus Package(1) allows you to manage driving semi-autonomously. With the track positioning system(2) and adaptive cruise control including the Stop & Go(3) function, it automatically adjusts the speed of the vehicle to that of the one preceding it, maintaining a safe distance.

(1) Available in series, optional or unavailable depending on versions.
(2) A system for maintaining the position of the car chosen by the driver in the lane.
(3) A system based on radar in the centre of the front bumper and a camera at the top of the windscreen.
